USPA NEWS - Hezbollah chief's will to the people of Pakistan

Hezbollah leader Hasan Nasrullah sent his politician a surprise note, what instructions do you give about Pak army in the will?

Pakistani journalist's spirited revelation ...

Syed Hassan Nasrallah did not go against his army by persuading the people of Pakistan because the US-Israeli played the same game in Syria and Iraq and they succeeded in spreading enmity between the people and the army and now the conspiracy is being plotted by Pakistan.

I admonish the people of Pakistan that it is your power to never leave your army and that your life and property is guaranteed by everything from honor to arbor.

Several tactics are currently being used against the Pak Army.

Pakistan is currently facing internal and external threats, including agricultural, water and economic problems. In the last 35-40 years, the country has been robbed so much that the country's economy is in ruins. Let's take a look at how horrible and dangerous the next scene will be, first listen to an event that will give peace to those who love Pakistan.

This is the 2004 event, the Youth Development for Peace Conference was taking place in Sarajevo, Bosnia and Herzegovina. The conference was attended by young people from all over the world. The conference was represented by the United States Victor and Shafiqur Rehman from Pakistan.

"I was proud that I was representing Pakistan," said Shafiqur Rehman. This was the period when the world was connecting Pakistan with the news of Afghanistan after 9/11. The impression of Pakistan was being distorted. Since my first love is Pakistan, the news was very difficult for me, but then the power brought me to a moment when I was cheering and attending the conference. When introduced, I said that I am from Pakistan. It was late to hear that my translator was ahead. He held my hand, kissed him, kissed me with his eyes. I was shocked at this unexpected move. Seeing my surprise, she said, "I wish our descendants started to be born in Pakistan."

I was even more surprised to hear this phrase. When I asked myself, she asked?

"When the Serb gangsters wanted to play with the honor of Muslim girls, the Pakistani army rescuing us was young. Not only did the Pakistani army personnel join us in their camps, they joined us. They kept us like their sisters and daughters. When they fed us, they did not eat themselves. They asked us if we were fasting. After a few weeks, we found out that they were starving themselves by feeding us with their rations.

They loved the Pakistani military young children, respected our elders very much, some Pakistani men were martyred while protecting us.

"Pakistan's army is proud of us Pakistanis. If anyone in the world wants to see a magnificent institution consisting of poor and middle class people, then they should see the Pakistani army.

"This happened in 2004, but now that I see scenes of criticism from the military, I think once the army's bad guys send their children to the borders, they know what it means to love the land". "

Syed Hassan Nasrallah vowed never to leave his army. Always be with your army because we have a lot of information that the US and Israel want to break the forces of Muslim countries. They broke Libya and Iraqi army under the same plan, broke Yemeni army, did not allow Lebanon to become an army against Israel. In fact, they want to reorganize the region, breaking the forces of Muslim countries. Now their order has been expanded and their mission is to break the Pakistani army.

It has to be weakened because Pakistan is a nuclear power besides being geographically important. The population is also rich.

Powerful country. If this conspiracy is successful, then Iran and Afghanistan will break even.

That is why I advise you to support your army in every situation. Your country and the people will survive if you have a powerful army. Now when the situation came to me, I became convinced that he was telling the truth, because for me, that day was astonishing when three times the Prime Minister started speaking out against his army. Then I understood the workings of external forces. I could not imagine that a person who had been the Prime Minister of the country three times could do the same? His family did not even make any sacrifice for Pakistan.

There is no martyr in his entire family, but he has just returned to Pakistan. Pakistan made them billionaires and they are accusing Pakistan. When there was peace in FATA, then where did this approved Pashtun come from? Where did the Achakzai and the "Achakazi ideology" come from? Why invite Manzoor Pashtun to Lahore? Disagreement over something does not mean that you should speak against your army. Why did Manzoor Pashtun shout in favor of the Israeli army? We never thought so. We have raised 20,000 funerals, held sittings for the truth but never spoke against our homeland. We must remember that our first and strongest wall is the Holy Army. In our society, there is a lot of division in the name of differences. We must overcome internal differences and stand with our army. "

ladies and gentlemen! The next scene is more terrifying. Start several dangerous games in it. Spreading the people inside Quetta. Few external forces are in the throes of a tight coup against Pakistan. The situation requires that those who love Pakistan become one, they could not defeat the enemy army of Pakistan. Now they want to take this task from you.

That's just Fifth Generation wise.

If you do not want to commit suicide, stop targeting your army.

Basically you are the main enemy.

Enemies of faith

External: The enemy of the soul

Pakistan is the most important fortress in the war against Islam and Pakistan cannot be conquered as long as the Pakistan Army is present. Don't defeat the enemy in defeating your own army.
